ANALYSIS

Science and Technology are the most popular categories of content showing that people enjoy “real-life” and “factual” content the most.

INSIGHT

Food is a common theme with the top 5 Categories with “Animals” ranking the highest. This may give an indication to the audience within your user base. You could use the insight to create a campaign and work with healthy eating brands to boost user engagement.

NEXT STEPS

This ad-hoc analysis is insightful, but it’s time to take this analysis into large scale production for real-time understanding of your business. We can show you how to do this.

Thank you!
